- Role: Sole author
- Tools: React, CSS, JavaScript, Node.js, Express.js, Postgres DB, Clarifai API

EXPERIENCE

Website Developer (Contract)

Feb 2024 – May 2024

Technology Innovation Management (TIM), Carleton University, Ottawa, ON

Redesigned and enhanced the TIM's website with WordPress to create a visually appealing, user-friendly, and informative platform.

Key Accomplishments:

- Created a responsive website with Carleton's CMS WordPress theme for all major screen types.
- Ensured the website was accessible and compliant with WCAG 2.1.

Customer Service Representative

May 2023 – Nov 2023

Farm Boy, Ottawa, ON

Organized and stocked fresh produce on store shelves for easy customer access.

Key Accomplishments:

- Reorganized produce shelves, thereby increasing accessibility to produce.

EDUCATION

Master of Applied Science in Technology Innovation Management

Sep 2022 – Feb 2025

Carleton University, Ottawa, ON

- Successfully defended thesis with only minor revisions.
- CGPA: 10.5/12
- Developed a guide for creating a diagnostic tool to address challenges developers face in Agile teams.

Certificate in Full Stack Web Development

Apr 2023 – Oct 2023

Carleton University, Ottawa, ON
